About us *BRILLIANT MINDED WOMEN*

BRILLIANT MINDED WOMEN IS A NETWORK FOR FEMALE ENTREPRENEURS WHO WANT MORE FROM THEIR PROFESSIONAL AND PERSONAL FUTURES.

We've created a community where innovative, successful women at the top of their fields can develop strong, supportive relationships and show each other new ways to grow their businesses.

Our vision is to acknowledge the achievements and leadership of female entrepreneurs, and to celebrate how much they matter. We hold focused, inspiring events to help women connect with each other and we introduce them to thought leaders who will motivate them to take their careers to the next level. Additionally, we use our collective power to raise funds for local and international causes.

FEMALE ENTREPRENEURS

Female entrepreneurs are a powerful, growing force in the Canadian economy. Women are owners or part-owners of almost half of small businesses in Canada. Female entrepreneurs help create 50,000 new small businesses every year – and contribute over 18 billion dollars to the economy.

Many female entrepreneurs start their own business as a second or third career. They've spent years working in positions that don't align with their goals and don't give them opportunities for growth. They start their own business to take control of their future, and they're able to create a job that matches them perfectly.

In addition, female entrepreneurs often start businesses not just to advance their careers, but to support and raise awareness for philanthropic causes they believe in. As more and more Canadian women enter the business world, we're helping each other maximize our potential and find new ways to energize our fields.

As a Diamond Consultant, she created and manages a successful team of 2000 distributors. She has performed over 100 key note addresses in North America and Europe and expanded the company into Poland.
